Conveyance	4 units in a 20" container(for 1.5-2.5ton forklift);2 units in a 20" container(for 3-3.5ton forklift)

Wide-View Mast

The operator is able to work with increased safety and accuracy due to a wider view mast.

Simple, Small-Stroke F/R Lever

The forward-reverse lever swings through a smaller arc than previous models, meaning less effort and less total time used during this basic, often-performed function.

Wide-Open Operation Space

The area between the foot pedals and the body below the seat is open and free of that hamper entering and exiting the forklift

Automobile-Style Light/Turn-Signal Lever

The automotive influence seen in the T Series extends to the

Easily-Detached Floor Panel

One-touch removal of the floorboard gets you right to service operations and reduces down-time.

Adjustable Steering Wheel

Steering wheel can be adjusted by a lever on the right-hand side for the most comfortable operator position.
